The AASC requires COVID-19 vaccinations to participate in ski trips.

Park City has two world famous Vail owned ski mountains: Park City and Canyons – with a gondola between them. There is plenty of beginner, intermediate, and advanced skiing available. There is also an interesting gold mine downhill ski tour available where you visit mine sites and hear the history of the local gold rush.

The Olympics were held in Park City in 2002 and they developed great cross country skiing in several places plus XC in area parks.

Peaks Hotel Lodging: We are staying at the Peaks Hotel in downtown Park City.

- breakfast buffet each day as a part of the package

This Trip Includes:

Pre-party, round trip airfare Detroit to Salt Lake City, round trip bus, baggage handling at the Peaks Hotel, 7 nights lodging, Saturday welcome reception, 5 day lift ticket, and post trip mega party. There are 30 positions available.

Options: we hope to be able to book a bus trip to Salt Lake City for visiting the Mormon Tabernacle and/or a museum or perhaps other venues.

Air: All flights must be with the group and there can be no individual flight reservations unless approved. We don't know the luggage prices as the airline has not been determined yet due to shifting prices for group travel. We are hoping the air price will come down when additional airlines set prices in September

If you can't make the Corn roast August 29, you can give your form and check to another member to register you as each member can register another member.
